

SUMMER

This summer, in addition to reading some good books and spending time outside, you should plan to spend some time sharpening your math skills. Summer is a good time to review concepts that you found a little confusing this year and to make sure that you're ready to succeed in September. We can't wait to see you in math class at Dana Hall!

Students **entering 5th grade** are required to complete the **4th Grade Summer Math Skills Sharpener**. This book provides extra practice on math skills taught in 4th grade. Similarly, students **entering 6th grade** are required to complete the **5th Grade Summer Math Skills Sharpener** book, which reviews math skills typically covered in 5th grade.

You can order the workbooks directly through Summer Skills website:
