

6th Grade Summer Math Assignment

This summer, in addition to reading some good books and spending time outside, you should plan to spend some time sharpening your math skills. Summer is a good time to review concepts that you found a little confusing this year and to make sure that you're ready to succeed in September. We can't wait to see you in math class at Dana Hall!

Students **entering 6th grade** can choose from two options:

Option 1: 30 minutes of work per week from the **5th Grade Summer Math Skills Sharpener** book, which reviews math skills typically covered in 5th grade. This work will be turned in on the first day of school.

To order the **Summer Skills Sharpener** book, visit the Summer Skills' website:

<http://www.summerskills.com/books/summer-math-skills-sharpener-1>

Option 2: Play 30 minutes of **Prodigy Math** per week. See directions below for how to access Prodigy Math online.

To access **Prodigy Math**:

1. Go to www.prodigygame.com/play
2. Click **New Student**
3. Enter the **Class Code**, then follow the directions.

Parents can create a free account to view their child's math progress:

1. Go to www.prodigygame.com/NewParent
2. Enter your account details to create an account
3. Add your child with their user name and password.
