

SUMMER

6th Grade Summer Math Assignment

This summer, in addition to reading some good books and spending time outside, you should plan to spend some time sharpening your math skills. Summer is a good time to review concepts that you found a little confusing this year and to make sure that you're ready to succeed in September. We can't wait to see you in math class at Dana Hall!

Students entering 6th grade can choose from two options:

Option 2: Play 30 minutes of **Prodigy Math** per week. See directions below for how to access Prodigy Math online. Students can also download the free Prodigy app for their iPad.

Option 1: 30 minutes of work per week from the **5th Grade Summer Math Skills Sharpener** book, which reviews math skills typically covered in 5th grade. This work will be turned in during the first days of school.

To order the Summer Skills Sharpener book, visit the Summer Skills' website: <https://www.summerskills.com/books/summer-math-skills-sharpener/>

To access Prodigy Math:

1. Go to www.prodigygame.com/play
2. Click New Student.
3. Enter the Class Code, then follow the directions to set up an account.

Parents can create a free account to view their child's math progress:

1. Go to www.prodigygame.com/NewParent
2. Enter your information to create an account.
3. Add your child with their username and password.

Class Code:
